ADMINISTRATOR'S INTENT

- **Aligns with Administrator's Intent – Accelerate Action**
 - **Streamlines procurement ordering processes and consolidates acquisition efforts – “Strategic Goal 2.2: Reduce the time to field solutions”**
 - Encourages rapid response and flexibility – “embrace agile acquisition methods”
 - Consolidates contracts (customer funded) – “simplify access for our partners and stakeholders to encourage robust collaboration”
 - Focus on **business requirements and mission needs/areas** – “drive integration across the organization”

ADD MISSION AND VISION

Design, develop, implement, support, and integrate high quality and innovative applications through customer engagement and software development best practices in support of the TSA mission.

Deliver mission-critical and business essential applications in support of TSA through innovation, collaboration, and software development best practices. ADD strives to be the center of excellence for agile application development and cloud implementation to strengthen TSA's strategic initiatives.

Office of Information Technology

FAST GOALS

- Reduction in the number of legacy applications through functionality consolidation;
- Increased use of SaaS/PaaS, containerization, and microservices solutions;
- Conversion of legacy applications to SaaS/PaaS and as necessary migrate applications to IaaS;
- Integration of security into code development through mindset and tools; and
- Increased customer engagement and application of human centered design.

FAST SERVICES

Portfolio Based Agile Development Services

- Program/Project Management;
- Subject Matter/Senior Technology Expertise;
- Agile Application Development; and
- Application Production Support.

Technical Assurance and Compliance Services

- Technical Approach Assurance Team (TAAT)
- Shared Development and Delivery Services (SDDS)
 - Software Development Tools and Integration, 508 Compliance, TSA Survey Services, Quality Assurance and Metrics Validation, and Customer Engagement Support

TSA Flexible Agile Scalable Teams (FAST) Best-in-Class (BIC)

Anticipated Task Orders for FAST Portfolio Based Agile Development Services

NIH CIO-SP3 - Small Business Set Aside

Anticipated Number of Task Orders

- TO #1: Mission Support

GSA ALLIANT 2 - Unrestricted

Anticipated Number of Task Orders

- TO #2: Enterprise Support
- TO #3: Security Operations
- TO #4: Operations Support
- TO #5: Law Enforcement/FAMS
- TO #6: Human Capital

Anticipated Task Orders for FAST Technical Assurance and Compliance Services

NIH CIO-SP3 - Small Business Set Aside

Anticipated Number of Task Orders

- TO #1: Technical Approach Assurance Team
- TO #2: Shared Development and Delivery Services

*CIO-SP3 SB offerors will be limited to proposing under the FAST Technical Assurance and Compliance Services TOs or the FAST Portfolio Based Agile Development Services TO.

*The Government reserves the right to adjust the anticipated number of Task Order awards

FON OVERVIEW

- This is a Fair Opportunity Notice (FON) to be considered for task order award against the IDIQ Contract under FAR Part 16.505, Ordering:
- GSA Alliant 2 (Reference Number 70T03019FON0002) - **OR-** NIH CIO-SP3 Small Business (SB) (Reference Numbers 70T03019FON0001, 70T03019FON0003, 70T03019FON0004).
- Only submissions from valid IDIQ holders under the selected contracting vehicle will be accepted for consideration. Contractors responding to this FON agree to and are bound by all instructions, procedures, and rules of this FON for the placement of a Task Order (TO).

PHASED PROCUREMENT APPROACH

- **II. Basis for Fair Opportunity Consideration:** In an effort to save both the Contractor and Government resources, this procurement shall be conducted as an advisory multi-step process. This multi-step process is being used to streamline and accelerate the ordering process as permitted under FAR Part 16.
- **III. FON Overview:** The procurement shall consist of two (2) steps. Step 1 consists of this Fair Opportunity Notice along with the FON submission requirements detailed in the FON. Step 1 will conclude with issuance of an advisory notice inviting the most highly viable competitors under Step 1 to participate in Step 2 consisting of the resultant solicitation process.

PLANNED TASK ORDER AWARDS

Reference Number	Title	Fair Opportunity under GWAC
70T03019FON0001	Portfolio Based Agile Development Services *Planned TO #1	NIH CIO-SP3 SB
70T03019FON0002	Portfolio Based Agile Development Services *Planned TO #2-6	GSA Alliant 2
70T03019FON0003	Technical Approach Assurance Services *Planned TO #7	NIH CIO-SP3 SB
70T03019FON0004	Shared Development and Delivery Services *Planned TO #8	NIH CIO-SP3 SB

PLANNED TASK ORDER AWARDS

- The TSA anticipates issuing four (4) solicitations resulting in a total of up to eight (8) TOs.
- Alliant 2 IDIQ Holders may propose for one, some, or all of the planned Task Orders #2-6, and will have the opportunity under FAST Step 2 to clearly denote portfolio award preferences.
- CIO-SP3 SB contractors will be limited to proposing under the FAST TAAT and SDDS TOs Ref #s: 70T03019FON0003, 70T03019FON0004 **OR** the FAST Portfolio Based Agile Development Services TO Ref #: 70T03019FON0001.
- The planned TOs under CIO-SP3-SB are being 100% set aside for small business concerns including 8(a), HUBZone, SDVOSB, and WOSB IDIQ holders (RFP and RFI issued in eGOS).

FON SUBMISSIONS
